Clerk's Report & Correspondence

Bicycle Racks – The Dorset Council is currently looking at the possibility of trialling some cycle parking at the bottom of Sheep Market Hill in the last two parking bays behind the seat. The cycle parking is in the form of a stainless-steel rack of four-cycle parking stands (a bit like a toast rack) which will be bolted into place. Evidence over the years suggests this is quite a popular place to park cycles, presumably whilst people visit the barbers or cafes, and it is difficult to find suitable cycle parking locations in East Street. If the trial is successful, then the Dorset Council would swap the "toastrack" for some permanent Sheffield cycle parking stands. If the trial is not successful, then the rack can be taken away and the normal parking bays can be returned to how they were before. The Dorset Council officer, who contacted the Town Clerk, had proposed to put the cycle parking in this location before, but this was previously turned down. However, in the spirit of trying to help people cycle more and drive through town less it was felt that losing two parking spaces and gaining eight cycle parking spaces was a reasonable trade off. The Town Clerk requested that, if these are to be made permanent, they are black to match the existing street furniture and confirmed to DC that the Town Council will maintain the painting of them which is what we do to the racks outside the council office.

<u>Road Closures</u> – Public Notice has been given of three temporary road closures. Salisbury Street, between Whitecliff Mill Street and The Plocks as well as The Plocks to a point 30 metres to the west and The Close between Marsh's Court to Damory Street. The road closures will be rotated and not all three locations will be closed at the same time. This Notice will enable BT safe access to carriagway boxes to install fibre cables. It will come into operation overnight between 21:00 and 06:00 on 9th December 2020 and remain in force for five days, however it is anticipated that the works will be completed by 10th December 2020.
