Town Clerk's Report

Festival of Remembrance – The BSVB has advised that they would expect the concert to still form part of their 10 engagements for the Town Council should this Festival of Remembrance be cancelled by the RBL at short notice.

Mr & Mrs Dymond – A thank you letter has been received from Mr & Mrs Dymond who received a Diamond wedding anniversary bouquet from the Mayor!

Asset of Community Value Nomination – Dorset Council has decided to list the Blandford Methodist Church Hall and Car Park adjacent to the Blandford Methodist Church as an asset of community value.

Update on Events

- We had a very good turnout for Commonwealth Day this year, with the majority of Councillors in attendance. Thank you for supporting this event.
- The evening talk with Simon Hoare MP in the Town Hall went smoothly and was very well received.
- There was a great atmosphere at the Community Expo on 14th March 2026 and we received very positive feedback. It was good to see some new groups in attendance.
- The Blues Brothers tribute was a successful, enjoyable event with ticket sales over 100 and the bar takings were £588.50.
- Forthcoming events are listed here: www.ticketsource.co.uk/blandford-forum-town-council

To consider quotations for the Charter 400 Mosaic at Woodhouse Gardens

Report

At the Town Council meeting held on the 29th September 2026 it was resolved that:

The Town Council is minded to select Option 1 for the Charter 400 mosaic and asks officers to seek a further two quotes and asks H&W for a contribution, bringing it back to council in due course (Expenditure Authority: General Power of Competence, Localism Act 2011, S1-8).

Further quotes have been sought and ideas from Councillors followed up, and the latest prices are outlined below. Once a contractor is chosen then officers will approach a local company for sponsorship to help with funding.

Financial Implications

Company A:

Scope of Works

- Erect Heras security fencing for the duration of the works
- Pressure wash the stones & identify any damaged blocks.
- Source new stones to match damaged blocks as closely as possible
- Mark all areas where damage is evident
- Mark and record each stone before removal
- Re-Grade the sub-base ensuring its level across the full mosaic
- Replace each stone back into its original location. Tamp until level
- In-fill between blocks with sand

“We intend to initially contact the original installer and enquire as to where the blocks were sourced. If this fails, we have been in contact with MC Slate in Bow, Devon who operate a large new and reclaimed stone yard <https://world-of-stone.co.uk/reclaimed-stone-products/>. They can cut and supply blocks to match our requirements. We have used them for past projects and confirm that they have an excellent service and reputation.

Warranty It's clear that there are services running under the mosaic, and we won't know the condition or type of sub-base laid until we lift the stones. We are therefore able to offer a 12 month warranty which will cover any settlement period. After this we would not expect there to be any movement under normal usage (no vehicles).”

For the sum of: **£8,650.00**

Company B:

- 1, Lift all pavers in circle
- 2, Relay scalped base and compacted down
- 3, Relay pavers on a cement screed base
- 4, Point in pavers
- 5, Take away spoil

It looks like the existing pavers are bedded down on a cement screed, so when they are lifted out it is uncertain how many can be reused.

We have allowed 20 working days to do the job so if it takes less time the charge will reduce, but if it takes longer, it will cost more than the estimate price below.

Allowance is made to buy 2088 pavers as this is the smallest amount from the merchants as they won't split packs, if we go over this amount used there will be a extra charge for more pavers.

Labour and Materials estimated for the sum of **£15,135.00**

Company C:

The mosaic specialist company declined to quote as they did not feel it was a specialist enough project.

Company D:

Declined to quote as they don't feel the work is within their scope.

Recommendation

It is recommended that Councillors select a company to carry out the work and a budget to take the required funds from (Expenditure Authority: General Power of Competence, Localism Act 2011, S1-8).

To consider support for the “Statement of Reasonable Expectations” document with Dorset Council

Report

Neil Wedge, the Chief Executive of the DAPTC has been in touch to update on the revised arrangements for the Dorset Association of Parish and Town Councils (DAPTC) 2025 Annual General Meeting. Neil has advised that, ‘*you will be aware we have been working with Dorset Council (DC) since the middle of last year to develop a partnership agreement or charter that we have called a ‘Statement of Reasonable Expectations’. This is aimed at a mutually agreed set of expectations to reset and improve how parish meetings, councils and towns work with DC. This process has ended up becoming quite lengthy. However, I am pleased to confirm that following some minor tweaks there is a document that DC’s Cabinet ([attached](#)) has now adopted. The document was drafted by DAPTC originally.*’

The AGM has been rescheduled to Saturday 30th May 2026 at 10am. This change has allowed DC additional time to take the draft *Statement of Reasonable Expectations (SoRE)* through its internal service areas and, importantly, through its governance and elected-member decision-making processes.

The draft SoRE was presented by Sam Crowe at the Dorset Council Cabinet meeting on Tuesday 3rd March 2026. It is now for all member councils to review it. This Cabinet stage represents the final step before we can confidently present the SoRE as part of the business of the AGM. DAPTC’s aim is to ensure that the version we receive is one that DC has endorsed and that parish and town councils can meaningfully debate and vote upon.

By moving the **AGM to 30th May**, councils will have **just under 11 weeks** to review and consider how they wish to vote at the AGM on all matters and specifically the SoRE. To support your deliberations, DAPTC will also be providing:

- an explanatory note outlining the background and purpose of the SoRE,
- suggested agenda wording for your council meetings, and
- a short video setting out why the SoRE is important for future partnership working:
[VIDEO LINK](#)

We have had a few delegates register for the previous AGM date of 14 March - they will be emailed with the new date. For those Clerks attending the meeting with DC’s Chief Exec, Catherine Howe online on Monday - Sam Crowe will give you an update on the above. If you want to look at the cabinet papers for 3 March (Item 15 P.439) you can do so [HERE](#) and the [Dorset Echo article](#) released after the SoRE was taken back through Overview Committee. **BCP Clerks** - just to advise of the AGM change, plus also the attached document may be of use for us to discuss with BCP going forward. We have Cllr Millie Earl confirmed as one of our speakers at the AGM.

The document has been distributed to Councillors separately by email and can be viewed at [Appendix A](#).

Recommendation

Councillors are asked to consider if they would like to support the document at the upcoming AGM.

Statement of Reasonable Expectations

Introduction

This statement sets out the reasonable expectations for partnership working between Parish and Town Councils¹ and Dorset Council.

Dorset Association of Parish and Town Councils (DAPTC) enters into this agreement in its role representing and supporting its member Parish and Town Councils throughout Dorset.

Both parties support a shared commitment to the communities and residents of Dorset. The statement aims to foster better working relationships, enhance democratic representation, and ensure effective service delivery for the benefit of local communities.

1. Mutual Respect and Recognition

- i. Dorset Council recognises Parish and Town Councils as statutory, democratically elected bodies with legislated roles and responsibilities, the power of taxation and a deep understanding of local issues.
- ii. Parish and Town Councils respect Dorset Council's role as the democratically elected Principal Authority in strategic planning and delivery of a range of statutory services across its area.
- iii. Dorset Council also recognises the role played by DAPTC in representing the collective views and interests of most Town and Parish Councils.
- iv. Both parties commit to a spirit of cooperation, valuing each other's contributions and responsibilities, with a view to ensuring an effective and appropriate response to the differing needs and priorities of local places and communities.

2. Communication and Engagement

- i. Dorset Council and Parish and Town Councils will recognise and foster the importance of a constructive and regular working relationship between the Dorset Council Ward Member and the parish meeting, parish council or town council they liaise with. This relationship should be based on openness, mutual respect and timely communication, supporting the effective flow of local knowledge, community priorities and informed decision making.
- ii. Dorset Council will provide best effort provision of timely and relevant updates on policies, projects, and decisions affecting local communities, and will consult

¹ Parish and Town Councils includes precept raising bodies such as Parish Meetings.

with Parish and Town Councils well before making decisions or policy changes that impact their role and operations or the wellbeing of their place and community.

- iii. Parish and Town Councils will share local insights and concerns to inform Dorset Council's decision making by attending regular forums or liaison meetings when established to facilitate open dialogue and exchange of views.
- iv. Clear points of contact will be maintained to ensure smooth communication, by all parties.
- v. Engagement periods will allow sufficient time for meaningful input, and each party undertakes to consider the other's views and insights before making decisions, to seek clarification where necessary, and provide meaningful feedback.

3. Support and Capacity Building

- i. Dorset Council, Parish and Town Councils, and DAPTC will collaborate to identify key areas for guidance and training and determine the most effective methods of delivery. This joint effort will aim to enhance the capabilities of Parish and Town Councils and support the expansion of their role within the local governance framework.
- ii. Resources, toolkits, and best practice examples will be shared between the parties to support effective local governance.
- iii. Parish and Town Councils will proactively seek opportunities to upskill and enhance their role in service delivery in key areas agreed by both parties, community leadership and engagement.
- iv. Parish and Town Councils will develop financial and strategic plans for the short, medium, and longer term to set out their ambitions for the community around them and enhance their role in place management.
- v. Elected members for all parties should be supported and trained to understand the benefits of co-working and partnering toward better outcomes for communities they jointly serve.
- vi. Development of personnel in Parish and Town Councils, particularly those in senior roles like Clerks, will be encouraged to enable them to undertake broader roles and responsibilities effectively.

4. Collaborative Working

- i. Dorset Council, Ward Members and Parish and Town Councils are encouraged to work directly and collaboratively to identify, design and deliver projects that bring mutual benefit to local communities. This includes early engagement on opportunities, transparent sharing of relevant information, and a shared commitment to achieving positive, practical outcomes for residents.
- ii. Dorset Council, Ward Members and Parish and Town Councils will work together to identify, explore, and, where mutually agreed, pursue opportunities for joint

initiatives and shared services, and including the transfer or devolution of assets and services.

- iii. Partnership working and a problem-solving approach will be adopted to address challenges collectively and improve local service delivery and community outcomes.
- iv. Dorset Council will work constructively with Parish and Town Councils to facilitate changes through Community Governance Reviews where these strengthen democratic representation.
- v. Greater collaboration between neighbouring Parish and Town Councils will be encouraged to ensure best value asset management and service delivery.

5. Transparency and Accountability

- i. Decisions and actions will be made transparently, with clear explanations provided for major policy changes or service alterations.
- ii. All parties will uphold transparency in their own operations, ensuring local communities are informed and engaged.
- iii. Mechanisms for feedback and review will be in place to assess the effectiveness of collaboration and address any issues constructively.
- iv. This statement will be reviewed jointly on a periodic basis.

Conclusion

This statement represents a shared commitment to strengthening democratic representation and delivering better outcomes for Dorset's communities. By fostering mutual trust, engagement, and cooperation, Parish and Town Councils and Dorset Council can work together effectively to serve the needs of residents.

To retrospectively approve expenditure for repairs to the CCTV system

Report

We received a complaint from the Police that the CCTV system was not fully operational and after an inspection by the new contractors they have submitted a quote to repair and in some cases upgrade the system where there have been issues. As will be noted some of the brackets are rusted which is also a Health and Safety issue.

The quote is detailed below:

P2P & Bracket Replacements: Supply and replace the failed Point to-Point (P2P) link between Cameras 9 and 10, as well as six rusted Hikvision DS-1275ZJ-NA PTZ pole brackets.

Bracket Locations: Replacements are required at Salisbury Street, West Street, Sheep Market Hill, Kings Arms Hotel, and Damory Street.

System Protection: An Uninterruptible Power Supply (UPS) will be installed near the recorder at the Police Station to prevent system downtime and data loss during power surges or outages.

Power Requirements: This requires standard UK plug socket for connection.

Storage Upgrade: The existing 8TB hard drive storage (2 x 4TB) will be upgraded to a 10TB (1 x existing 4TB and new 6TB) unit to increase the recording capacity, which is currently at the 28-day compliance limit.

The project is estimated to take two days to complete and includes the following logistical arrangements:

Labour & Access: The quote includes two engineers and the hire of a self-drive transit van with a rear-mounted boom lifter.

Specialist Equipment: A transit-mounted lifter is required as the camera locations are in restricted areas where standard booms with outriggers cannot be safely deployed.

Financial Implications

The cost quoted is £3,190.97+VAT.

Recommendation

It is recommended that councillors retrospectively approve expenditure for this essential work using funds of 3,190.97 from budget line 1340, CCTV Equipment, which has a balance of £46,930.41. (Expenditure Authority: General Power of Competence, Localism Act 2011, S1-8).

To consider expenditure for the Toilet Cleaning Contract

The lease for the Marsh & Ham toilet block (including the Information Centre) was, originally with North Dorset District Council (now the Dorset Council), this expired in 2016.

Since that time the toilet cleaning contract has only been offered on a one-year basis until such time as the future of the public toilets in the Marsh and Ham car park is confirmed.

The toilet cleaning contract expires on the 31st March 2026 and the current contractor has quoted for £9,001.08, which represents no increase from 25/26.

The financial regulations state that for expenditure below £25,000 but above £5,000 three quotations will be obtained, where possible. As is clear from previous experience on tenders for this facility this local company provides a very competitive quote and a good service and have always been flexible with extra cleans etc. In past quotations they have been significantly better value for money than the nearest tendered in price, in addition other contractors are, ideally looking for a longer contract period which the Town Council is not in a position to offer at this time.

Despite the ongoing issue with the uncertainty of the future of the toilet block, officers felt that other quotes should regularly be sought to ensure we are getting value for money and this was carried out four years ago which showed that the current cleaners were approximately £5000.00 cheaper than their nearest competitor. Once the future of the toilets is certain and they are fully open again then more quotes should be sought, and a longer contract offered.

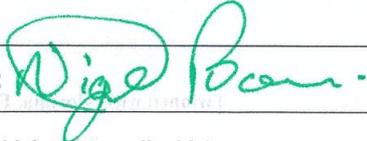

Recommendation

It is recommended that the Town Council renews the cleaning contract with the existing contractor for a period of one year only, using a maximum of £9288.00 from budget line 6650 (Expenditure Authority: General Power of Competence, Localism Act 2011, S1-8).
